with Powerful Christian Curriculum

3–12 Distance Learning for Today's Students

Digital learning grounded in a Christian worldview

A quality Christian education is the basis for lasting success in life. Ignitia Virtual Academy is a rigorous and rewarding distance learning academy for grades 3-12 designed to meet the diverse needs of today's families. With highly qualified teachers, extensive administrative services, and award-winning curriculum choices, IVA's Christ-centered digital learning program provides schools and districts with comprehensive online learning solutions. Support resources are also available for families to ensure their students maximize scholastic achievement.

Rigorous Learning Based on Biblical Teachings

Personalized instruction to meet the needs of your students

IVA provides online instruction and Bible-based education that is customized for personal goals, current academic standing, and learning style. Each student receives an individualized experience as well as instructor and academic support throughout their educational journey with IVA. A Christian worldview is fostered throughout Ignitia content with a focus on mastery learning and cognitive reasoning.

With thousands of students enrolled in all 50 states and around the globe, IVA is accredited through Cognia®, and course credits are accepted by most colleges and universities.

IVA provides two course track options:

- ◆ **General studies courses** – for students working toward high school graduation
- ◆ **College-prep** – for students preparing for college entrance requirements

Media-rich Online Curriculum for Grades 3–12

Built exclusively for Christian schools

Ignitia is a versatile online Christian curriculum and learning management system with dynamic, Christ-centered lessons and interactive features designed to serve teachers and students in elementary, middle, and high school.

Courses include the five main subject areas of Bible, history and geography, language arts, math, and science, as well as over 140 elective options. Ignitia offers mastery-based lessons, assignments, quizzes, and tests. Lessons are composed of 50,000 multimedia elements like interactive games, audio and video clips, external web links, and off-computer assignments.

Time-saving tools for teachers include:

- ◇ Automatic grading and lesson planning
- ◇ Individualized lesson planning
- ◇ Real-time curriculum updates
- ◇ A convenient internal messaging system
- ◇ Streamlined data management for easy reporting

“You log in and it’s like, ‘Wow!’ Everything is right there. It’s organized. I was so used to having like four textbooks and 30 different notebooks.”
