

IGNITIA VIRTUAL ACADEMY | SCHOOL PROFILE - 2023

ACCREDITATION, STUDENT, STAFF INFO

Ignitia Virtual Academy is nationally accredited through Cognia. This is the same accreditation awarded to public schools and is fully recognized by high schools and colleges across the country. After undergoing extensive evaluation, the National Collegiate Athletic Association (NCAA) approved the instructional model and curriculum in ELA, math, social studies, science, and world languages for online instruction of student athletes

Ignitia Virtual Academy serves a robust group of students from 3rd-12th grade. Students are taught from a faith-based world view with teachers value those same views. Students are encouraged to take additional AP and Honors courses or look into our over 150 additional electives from our secular course offerings as well if so desired.

- **NCAA approved**
- **Faith-Based world view**
- **Home Education Options**
- **Facility Partnerships**
- **Additional Secular AP/Honors (~20/~31)**
- **Additional Secular Electives (~150)**
- **Student Population: 705**
- **3-5:** 87 students served
- **6-12:** 5629 students served
- **Junior/Seniors** 2707 students served
- **Alumni:** 363

STAFF

IVA Principal: Lorelyn Johnson

IVA Assistant Principal: Kelsi Latta

Instructional Supervisor: Carissa McGuigan

NCAA Admin: Donovan Broadnax

Academy Advisors/Mentors:14

Faculty: Highly qualified and certified teachers instruct students world-wide with a faith-based world view.

Curriculum

Ignitia Virtual Academy uses the Imagine Edgenuity platform, which is the same platform used in public and private schools nation-wide. This allows IVA to offer rigorous and robust course offerings including ~20 AP and ~150 electives

NCAA APPROVED

Students who participate in competitive sports struggle to find a balance between athletics and academics, and there are nearly half a million NCAA student athletes who compete in 24 different sports every year. After undergoing extensive evaluation, Ignitia Virtual Academy is proud to offer a flexible instructional model and curriculum in ELA, math, social studies, science, and world languages that are approved by the National Collegiate Athletic Association (NCAA) for online instruction of student athletes. See below where some of our IVA graduates and NCAA (in orange) graduates have applied or attended

Alderson Broaddus University	Georgia Southern University, GA	Southern Utah University	University of South Carolina
Arizona State University	Grambling State University, LA	St. Andrews University, NC	University of South Florida, FL
